quotes from florida head coach doug dickey--

"LSU played an excellent football game, we played poorly. The result showed up on the scoreboard. When you make mistakes and turnovers against a team as sound and outstanding as LSU you are going to get burned pretty good.

"I thought LSU showed as much balance on offense as any team we've faced in quite a while. They run the ball extremely well and throw just as well. They are difficult to defense and, at times, can completely fool your defense. On some of their pass plays we had a great deal of confusion in the secondary and the result was receivers wide open for touchdown passes.

"Carlos Alvarez did not play tonight, neither did Fred Abbott. We hope to have these boys back next week to play against FSU. Abbott came up with muscle spasms in his back today and this kept him out of the game.

"LSU has a great team. It's the best LSU team I have seen."

QUOTES FROM lsu coach charles McClendon

We were fortunate to get ahead early. They kept us off balance in the early stages with those screens, but our kids reacted well and handled the situation.

Michaelson made some beautiful receptions and that catch of Kavanaugh's for a touchdown was fabulous.

Our running game enabled us to keep our passing game going.

We had a fine pass rush and with a passer like Reaves that's really the only way to defense him because the way he throws and with the fine receivers Florida has you have to put a rush on him to be successful.

I was pleased with the way we threw and caught the ball.

We were fortunate in that we had no major injuries. Casanova could have played if we had really needed him, but I want him to be sure he knows he's well before he gets back in there.

That Reaves is some stylish ball player and not having Alvarez certainly hurt him. They didn't do anything we didn't expect. We figured they'd throw to Jackson quite a bit and we did.

Our boys really came to play tonight and that was one fine football game they played.
