END OF THE GAME LSU 49, TULANE 25

LSU head coach Curley Hallman quotes following win vs. Tulane

"I am very happy for this football team, especially the group of seniors we've got. It was very, very important for these seniors and I hope it will carry over until next week and be a positive for our preparations for Arkansas.

A lot of big plays. Kennisson and Howard were on target and made a lot of things happen. Jermaine Sharp looked like the old Jermaine Sharp with the great burst. I am very pleased with the performance of Kevin Franklin, the blocking of David LaFleur, I could go on and on. There were a lot of big plays."

"I think our staff did a great job with the reasons you play this game. I think this was very positive for everyone associated with the team.

Tulane Coach Buddy Teevens

(On the game)

"It was a frustrating end to a frustrating season. It wasn't due to a lack of effort. Sometimes it just doesn't happen out there on the field. I really feel bad for those seniors who have worked so hard for so long."

(on LSU)

"They are a very talented team. We didn't help ourselves by giving away those turnovers or by giving them great field position all night."

(on a 1-10 season)

"We certainly had talent to do better. We worked real hard, but it just didn't bounce our way all year. It's over now. We have some great young athletes and this experience will go a long way next season."

"Now we have to evaluate the plusses and minuses of the season and make decisions for next year. We need to control the ball more. We hurt ourselves every single ballgame. We have to put a stop to the devastating turnovers."

(on recruiting)

"I don't think this season hurts us. A lot of players look at this as an opportunity to play for a Division I football team turning the corner. "

(on the low attendance)

"Of course, I would love to see more people in the stands, but I know people only like to see a winner. That doesn't concern me because I know they'll be in the stands next year. This will be a team people can be proud of."
