KICK OFF - Roca

Coach McClendon:

At the beginning of the first half, I kinda had a feeling we weren't going to play with a lot of emotion. We were a little flat, certainly not tense. Then we tried to pull it out in the second half. It wasn't mistakes so much as penalties that beat us. The two 15-yarders certainly hurt a lot.

The Big play for them was the pass to their tight end (Farmer). We had done real well stopping their running game. They got a big play from Fanuzzi in front of their bench which allowed them to retain possession instead of maybe having to kick to us and give us one more crack.

It's not what we know on the sideline, it's how we executed on the field. We have to look at ourselves and see who can do a better job.

The Cats did a real good job. We just got too slow a first half and lost field position there ~~at~~ at the last.

They did a good job stopping our passing game. They had a good rush, the end was forcing us to turn up and then we couldn't find the open receiver.

COACH CURCIE:

This has to be classified as a team effort. Our defense played the most superb game they ever played in their life.

That was a great win for our program and the State of Kentucky,

LSU was playing a very tight defense. We just said we were going to throw. The timing of our passing was perfect. The passing game did it for us.

What about Art Still? (freshman defensive end).

"Art Still! Oh, Brother. Reminds me of Ted Hendricks...the way he went through that line.

Our coaches thought I was crazy. We had to use that play (power sweep when Collins went to the two) to get outside quickly. Warren Bryant is our best blocker; it worked, that's all I can say. (Hadn't practiced play in four weeks).

We took away their outside attack and forced the quarterback to run.

A Game like this is a program turner. We've still got to face Georgia and other tough teams. Dadgummit, we're just going to enjoy this one tonight.
