Comments from Coach McClendon:

"Our defense did one super, super job. It's unbelievable what they had to do. If it wasn't for the defense we'd have been wiped out in the first half."

"We thought we were ~~ready~~ ready to play and the players told me they were ready to play, but I'm not sure we were ready for a hard-nosed football team and fellas, Florida was a hard-nosed football team tonight."

" I think we made more mistakes in this game than in all the other games put together. Any momentum that ~~we~~ you had when you leave the ball on the ground, then you give the momentum to the other team."

(On Woodley)

"It's amazing how people can change. Everybody seems to blame Woodley, but there were people out there blocking and tackling too. How about those guys who were grabbing at him and hanging on his leg. You've got to have protection, you've got to have some room to operate."

(More defense)

"When you're a flat football team your defense has got to save you and that's what happened. They saved us. Before the season started we had no idea how strong our defense would be. We thought they were better than average but we've developed into a good football team."

"The linebackers have been a real pleasant surprise. They filled in and did a real good job."

~~(XXXXXXXXXX)~~

(On the Crowd)

" They weren't with us early in the first half, but the crowd did come on strong when we needed the big push. That crowd kind of gets your adrenalin going and that's what we needed. Florida was manhandling us at the line. "
