OHIO STATE 36 LOUISIANA STATE 33

From Louisiana State Coach Mike Archer -

"We just didn't get the job done. This Ohio State team is a lot better than anyone gives them credit for being. I guess if I was to sum it up, it would be to say that ours was a game of missed opportunities.

"We played hard, and I've got to give a lot of credit to all of our players. We fell 20 seconds short, but I guess you can give the credit to Ohio State for that.

"You don't take advantage of the opportunities given to you by a team as good as Ohio State, you're sure going to lose. When you play on the road, you have to be a lot better than your opposition is credited for.

"We were in man coverage on that fatal pass and Ohio State's player (Bobby Olive) made a great catch. We knew (Carlos) Snow was a great runner, and today he did a good job. All in all, we played very well, but just lost to a better team. You will hear a lot about Ohio State from here on in."

From Ohio State Coach John Cooper -

"I don't think I've ever been around a more exciting finish. It was a good example of what happens when you hang tough and don't give up. It was a hard-hitting ballgame, we had a great game plan. LSU is a super team, I haven't seen many better football teams. The kicking game was a real factor.

(Decision not to on-side kick - We had two timeouts left. Had we only had one timeout left, we would have tried it. We kicked the ball deep. I didn't think they were going to throw the football.

I thought Greg Frey did a good job. The offensive line gave him a lot of time.

(On Bobby Olive's punt return after safety) - It gave us a chance, it gave us good field position.

What made you think the defense could hold them after giving up 400 yards of offense? I thought we could hold them, because I didn't think they could hold the ball. They didn't rip us running the football at all.

What was the first thing through your mind after LSU's last score?

We didn't give up. We're just going to try to come back. The game isn't over.

On OSU's final score - It was a post route. We felt that when they played three deep, their corner played a little wide. It was the same play as in the first drive when Bobby (Olive) caught it on the 1-yard line. I thought Jim Colletto did a great job of calling the plays.
