

2017 NCAA Baton Rouge Regional – Postgame Quotes
LSU VS. UL-LAFAYETTE – May 20, 2017
ULL – 4, LSU - 2

LSU Head Coach Beth Torina

Opening Statement

“I liked our team’s effort tonight. I thought they did a great job. There’s one pitch we would like to have back, but we believe in Allie (Walljasper) 100 percent. She did some good things, our defense made too many mistakes and gave them too many extra opportunities to come to the plate. Every extra at-bat you give them is an issue. We made too many defensive mistakes and turned over the lineup a few too many times and missed a pitch. Other than that, I thought we competed and battled. I liked our approach at the plate and I thought we hit the ball hard all night long. I was happy with our performance and I still think everything this team wants to do is right in front of them. It wasn’t too long ago, it was 2015 where we were in this same spot and we were able to come away with the regional. Like I said, everything is still right in front of them. Of course we gave ourselves the harder road, but the hard is what makes this thing fun and I don’t think it’s a very good story if we just cruise through this thing. I think you become legendary and you leave your mark by doing things like this, so that’s the attitude we’re going to take. We’re going to show up and attack it tomorrow.”
